4	CONCLUSION.....	69

1 Introduction

This Addendum provides an update to the published Strategic Environmental Assessment (SEA) and Sustainability Appraisal (SA) of the Lancaster Local Plan Part 1: Strategic Policies and Land Allocations Development Plan Document (DPD) on behalf of Lancaster City Council that was published on 9 February 2018.

The Plan Part 1 was submitted to the Secretary of State for independent Examination on 15 May 2018. Planning Inspector Richard McCoy was appointed to independently examine the soundness of the Plan.

The Council has subsequently proposed a number of modifications for the Plan Part 1 in order to take into account representations raised at the Publication stage, the continuing development of Local Plan evidence, progress on development sites and representations made at the Local Plan examination. The modifications are also intended to address matters of soundness raised by the Planning Inspector.

The Council has categorised modifications that could change the effect of a planning policy as 'Main Modifications' (e.g. modifications to the boundary of a site allocation). All other modifications are 'Minor Modifications' and these are not considered to change the effect of planning policy (e.g. correcting a grammatical error).

As Main Modifications could potentially alter the effect of a site allocation in the Plan, they have been screened to determine whether each modification renders the existing SA assessment of the policy or site allocation inaccurate or out of date and thus necessitates revisiting assessments, findings and conclusions in the published SA (February 2018).

2 Main Modifications

The Post-Submission Main Modifications presented in Table 2-1 are substantive changes to the Strategic Policies and Site Allocations DPD. Each modification has been screened to determine the extent to which it alters the meaning of policies in the DPD and subsequently the extent to which these alterations influence assessment results presented in the SA.

This SA Addendum has categorised each policy that has been subject to Main Modifications as follows:

- **A** - Modification to background or supporting text that does not alter the existing findings presented in the SA and requires no further changes to be made to the SA;
- **B** - Modification to wording of policy that does not alter the existing findings presented in the SA and requires no further changes to be made to the SA; and
- **C** - Modification to policy(s) that could potentially alter the existing findings presented in the SA and requires further consideration and possibly an update to the assessment that could potentially represent a significant change in terms of SEA the Regulations.

It is possible that a policy has undergone multiple Main Modifications and that only one or more of these Main Modifications necessitates revisiting the SA assessment of the policy.

The existing assessments, findings or conclusions in the published SA report for policies that have undergone Category C Main Modifications are revisited in Chapter 3.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Table 2-1: Main modifications of the Plan Part 2 and whether they require further consideration in the SA

Category A	Category B	Category C
Modification to background or supporting text that does not alter the existing findings presented in the SA and requires no further changes to be made to the SA.	Modification to wording of policy that does not alter the existing findings presented in the SA and requires no further changes to be made to the SA.	Modification to policy that could alter the findings presented in the SA and requires further consideration and potentially an update to the assessment.

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
SPLA MOD_01	Strategic Objective SO4	21	N/A	To include a further objective which relates to air quality which reads: <u>'Working to reduce levels of air pollution within the district, particularly in the designated Air Quality Management Areas (AQMAs) of Lancaster City Centre, Carnforth Town Centre and Galgate and other major transport corridors within the district.'</u>	To provide consistency with policies contained within the Local Plan (both the Strategic Policies & Land Allocations DPD and Development Management DPD and to address discussions on Day 8 of the Examination.	C
SPLA MOD_02	Policy SP3	27	7.18	Additional paragraph to read: <u>The development strategy ensures that only development that can be accommodated without harm to the AONBs primary purpose (to conserve and enhance the natural beauty, wildlife and cultural heritage of the area) will be permitted. This will be achieved whilst maintaining a positive approach to development, recognising that appropriately located and designed development can contribute to conserving and enhancing the landscape and settlement character, including where appropriate opportunities for regeneration and redevelopment to be delivered.</u>	To provide greater clarity on this matter and to reflect discussions on Days 4 and 9 of the Examination.	A
		28	N/A	Second Paragraph Second Sentence To supplement this approach a range of strategic greenfield sites have been identified on the edges of Lancaster and Carnforth to meet future development needs.	To reflect the direction of the Inspector through his Post Hearing Advice Note (EX11) which seeks to delete the housing allocation in South Carnforth.	B
		29	N/A	In the context of the above paragraph such a judgement has been made in Carnforth. There are significant constraints to growth here due to flood risk, quarry operations, motorway infrastructure, the proximity of the Morecambe Bay Special Protection Area and the Arnsdale Silverdale Area of Outstanding Natural Beauty. With the only options for growth to the south of Carnforth, the Local Plan revises the Green Belt boundaries in this location, although the Green Belt Review has concluded that the Green Belt in this area does continue to serve the function of maintaining openness. The Council has decided that, on balance, the importance of providing opportunities in Carnforth for future growth outweighs the need and benefit of maintaining this specific area as part of the Green Belt.	To reflect the direction of the Inspector through his Post Hearing Advice Note (EX11) which seeks to delete the housing allocation in South Carnforth.	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
SPLA MOD_03	Policy SP4	33	N/A	Amend 6th Bullet Point Sustainable growth at the district's higher education establishments, including Lancaster University, University of Cumbria and Lancaster & Morecambe College. Improving the opportunities for academic learning and improving the presence of the universities within Lancaster City Centre and at the <u>within the Lancaster University Estate (including land</u> at the Lancaster University Health Innovation Campus <u>and where deemed appropriate the wider University Estate).</u>	In accordance with the submitted Statement of Common Ground with the University (HD40) and discussions which took place on Day 5 of the Examination.	B
SPLA MOD_04	Policy SP5	35	N/A	Final Paragraph The development of these sites will seek to deliver approximately 48.9 hectares of new employment land and will provide opportunities <u>To facilitate and support opportunities for economic growth across the Plan period, the Local Plan seeks to allocate 59.5 hectares of employment land to provide</u> for the creation of new jobs in a variety and range of economic sectors identified within the Lancaster District Employment Review, <u>the 'Achieving Economic Potential for Lancaster District' Report</u> and the Lancashire Economic Partnerships' Strategic Economic Plan (SEP).	To provide further clarity and accurately reflect the amount of land proposed for employment allocation as submitted following the discussions on Day 4 of the Examination (HD50).	C
				<u>In relation to Policy SG9 (North Lancaster Strategic Site), an area of 2 hectares of employment land will be provided within the strategic allocation. The Council will support residential development in this employment area should it be demonstrated that, following a robust marketing exercise (which has taken place for no less than 2 years following adoption of the Local Plan), that there is no market demand for the identified use. Such a marketing exercise should demonstrate that the site has been marketed using appropriate media sources at a realistic price for the identified use.</u>	To provide further clarity and in accordance with the Statement of Common Ground for the North Lancaster Strategic Site (HD27) and the submissions made following discussions on Day 4 of the Examination (HD50).	C
SPLA MOD_05 (continued on next page)	Policy SP6	38	9.19	Policy SP6 establishes what the Council consider to be a deliverable and realistic housing requirements for the district. Through Policy SP6 the Local Plan sets out how the Council will seek to deliver <u>10,440 new dwellings</u> just over 12,000 new dwellings over the period 2011/12 to 2030 3/31 4, 3 years post the official plan period of 2031/32 and equivalent to an annual <u>average</u> requirement of 522 dwellings per annum. <u>The 522 dwelling per annum figure has been rolled forward for an additional three years, 2031/32 to 2033/34, to cover the full 15 year delivery period required by National Planning Policy Framework. An additional 3 years has been included post adoption to ensure that the Plan meets the requirements to plan for a full 15 years following adoption.</u> This means that in housing delivery terms the plan will cover a period of 23 years.	To provide greater clarity in the Local Plan and to reflect discussions had at the Examination on Days 1, 2, 3, 4 and 9.	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
SPLA MOD_05 (continued on next page)	Policy SP6	38	9.19	New paragraph to read <i>The delivery of 522 dwellings per annum represents a substantial uplift in development from that currently set in the adopted Core Strategy. The Local Plan acknowledges that the ability to deliver this uplift is challenged with the plan reliant on the delivery of a number of strategic sites which are not anticipated to contribute significantly to the supply until the later stages of the plan period. On this basis and in order to deliver an aspirational but realistic Local Plan Policy SP6, whilst seeking to deliver an overall housing requirements equivalent to an annual average range of 522 dwellings per annum, the Local Plan establishes a stepped programme of delivery, identifying a series of uplifts programmed to coincide with the delivery of strategic sites within the district. The stepped approach is set out in Table 9.1 of this DPD.</i>	To provide greater clarity in the Local Plan and to reflect discussions had at the Examination on Days 1, 2, 3, 4 and 9. This modification will result in the re-numbering of paragraphs in this chapter.	A
			9.20	It is important to note that <i>in all instance the stepped housing requirement</i> this is a net minimum figure for new homes in the district and where opportunities existing for additional sustainable development these will be supported in consideration against other policies within this Local Plan.	To provide greater clarity in the Local Plan and to reflect discussions had at the Examination on Days 1, 2, 3, 4 and 9.	A
		39	N/A	PLAN PERIOD - HOUSIING REQUIREMENT - REQUIREMENT TOTAL Pre-Adoption - 2011/12 to 2018/19 - Continue the application of the adopted 400 dwellings per annum requirement - 3,200 dwellings Post-Adoption Years 1-5 - 2019/20 to 2023/24 - Apply stepped increase to 485 dwellings per annum - 2,425 dwellings Post-Adoption Years 6-10 - 2024/25 to 2028/29 - Apply stepped increase to 685 dwellings per annum - 3,425 dwellings Post Adoption Years 10-12 - 2029/30 to 2030/33 - Apply stepped increase to 695 dwellings per annum - 1,390 dwellings TOTAL - 10,440 dwellings Years 13-15 - 2031/32 to 2033/34 - Roll forward the annualised average figure of 522 dwellings for the additional NPPF 3 years - 1,566 dwellings TOTAL - 12,006 dwellings	To provide greater clarity in the Local Plan and to reflect discussions had at the Examination on Days 1, 2, 3, 4 and 9. This modification will result in the re-number of other tables within this chapter.	A

		42-44	N/A	<u>Due to the comprehensive nature of this suggested modification these changes proposed are not highlighted in this modification list but can be viewed in the accompanying tracked-changed Strategic Policies & Land Allocations DPD.</u>	To strengthen policy wording and provide more local focus to the policy as agreed in the Statement of Common Ground with Historic England (HD39). This matter was also discussed on Day 6 of the Examination. Reference to preserve and enhance has been altered to preserve or enhance as requested by the Inspector at the Examination.	B
SPLA MOD_07	Policy SP8	45	N/A	Second Paragraph, end of Sentence. which are of International and/or National importance.	To provide clarity as discussed on Day 6 of the Examination.	B
SPLA MOD_08	Policy SP10	48	N/A	<u>Where strategic developments are likely to result in traffic impacts that will require mitigation in the form of projects identified in the Highways and Transport Masterplan then funding will be sought via developer contributions. The principles and requirements within Policy DM64 will apply.</u>	To provide clarity within the policy in accordance with paragraph 6A.11 of the Council's Hearing Statement and as discussed on Day 7 of the Examination.	B
SPLA MOD_09	N/A	49	N/A	Chapter 12 should be amended to read: 12. <u>Lancaster South</u> Broad Location of Growth (<u>including</u> Bailrigg Garden Village)	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	A
SPLA MOD_10 (Continued on next page)	Policy SG1	52	N/A	Re-title Policy SG1 to read: <u>Lancaster South</u> Broad Location of Growth - <u>including</u> Bailrigg Garden Village	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	A
				First Paragraph The Council has identified a broad location for growth for <u>in South Lancaster, including for the development of the</u> Bailrigg Garden Village, on the Local Plan Policies Maps. This will be a major mixed-use development which focuses on the delivery of at least 3,500 new houses, a number of opportunities for employment and economic growth opportunities including the delivery of Lancaster University Health Innovation Campus <u>and wider University related expansion.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination following the preparation of a SoCG with Lancaster University (HD40).	B
				Key <u>Growth Principles for Development in the Broad Location for Growth of the Garden Village</u> The Council has defined a range of principles which will be at the <u>very core of the planning and development in South Lancaster and for the Garden Village. These will be explored in more detail via the forthcoming Lancaster South Area Action Plan DPD for this area.</u> heart of planning and development for the Garden Village. These principles include:	To provide greater consistency within the Plan and to reflect both discussions at Days 2 and 4 of the Examination.	B
				<u>1. Involving local communities in pro-active consultation about the creation of new development, where high quality urban design promotes sustainable, attractive places to live, defines a sense of place and creates a sense of community for its new residents.</u>	To provide greater clarity on this matter and to reflect discussions on Day 2 of the Examination and submissions made via HD15.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<u>II. Securing high-quality urban design which promotes sustainable, attractive places to live, defining a sense of place and creates a sense of community for its new residents.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
SPLA MOD_10 (Continued on next page)	Policy SG1	52	N/A	<u>III. Seeking a modal shift in local transport movements between <i>South Lancaster</i>, the Garden Village, including Lancaster University Campus and Lancaster City Centre and beyond into the employment areas of Morecambe / Heysham through the delivery of a Bus Rapid Transit System and Cycling and Walking Superhighway network.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>IV. Delivering a wide range of market and affordable housing, in terms of type and tenure to ensure that opportunities to live in the Garden Village are available to all sections of the community and contribute significantly to the <i>creation of cohesive, balanced communities and thereby assist the</i> district meeting its evidenced housing needs particularly in the medium to long term phases of within the Local Plan period.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>V. Ensuring that the necessary infrastructure to deliver <i>achieve</i> sustainable growth is delivered in the right place, at the right time, to address strategic constraints to the delivery of future development <i>in the South Lancaster area</i>.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>VI The creation of sufficient area of high quality open spaces to provide a distinct sense of place and deliver a network of green corridors, <i>walking and cycling routes</i> across the <i>Garden Village South Lancaster area</i> to the benefit of the local environment and residents. The delivery of such spaces <i>and routes</i> should <i>make for include</i> distinct areas of separation between the <i>Garden Village and new development and the urban edge of South Lancaster, Bailrigg Village and also Galgate and give potential to bring forward investigate the opportunities for a new country park.</i></u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>VII. <i>Development proposals will need to take account of the recommendations for mitigating harm and/or maximising enhancements as set out in the Council's Heritage Impact Assessment for this area.</i></u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination and reflect the direction of the SoCG with Historic England (HD39).	B
				<u>VIII. The creation of healthy and cohesive communities through the delivery of high quality development and the correct levels of services, <i>open space</i> and infrastructure which is provided in safe and accessible locations.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
		53	N/A	<u>IX. The sympathetic masterplanning of new facilities and growth within the campus of Lancaster University for a range of education facilities, and student accommodation, <i>visitor accommodation and ancillary uses located primarily at the Bailrigg Campus, the Lancaster University Health Innovation Campus and in appropriate locations within the wider University estate in the context of its sensitive landscape setting.</i></u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination following the preparation of a SoCG with Lancaster University (HD40).	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<u>X. Safeguarding Lancaster University's Bailrigg Campus, by ensuring that development in South Lancaster and for the Bailrigg Garden Village is well planned and does not have an adverse impact on the University Campus and its setting.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination following the preparation of a SoCG with Lancaster University (HD40).	B
				<u>XI. Taking proper account of the need to reduce the impacts of Climate Change in the design of new development <i>to minimise its contribution to, and the impacts of, Climate Change and to</i>. This should assure that new development is resilient <i>and adaptable</i> to the effects of Climate Change.</u>	To better reflect development growth aspirations contained within the plan and as discussed on Day 9 of the Examination.	B
				<u>XII. Managing water and run-off to safeguard development, assuring public safety and amenity with and take active measures <i>within development</i> to reduce flood risk within the area and downstream for both existing and new residents and businesses.</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>XIV. To as ensure innovative urban design both in terms of the layout and density of new development and the specific design of new buildings. This should include the application of <i>appropriate</i> new technologies for buildings and transport where possible. <i>Proposals should investigate opportunities for localised heating systems in the South Lancaster area.</i></u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<u>XV. Addressing longstanding constraints and capacity issues in the strategic and local road network through the improvements to traffic management and physical interventions to increase <i>network capacity and advantage sustainable travel</i>. This will involve the re-configuration of Junction 33 of the M6 to afford <i>allow</i> direct motorway access into the <i>South Lancaster area Garden Village</i> and remove motorway traffic from Galgate which is currently designated as a Air Quality Management area (AQMA).</u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				Second Paragraph <u>To support the delivery of the Garden Village <i>growth in the South Lancaster area, including development of the Garden Village</i>, there will be a requirement for a wide range of both locally important and strategically important infrastructure, including new highways, public transport network, education provision, new local centre(s), open spaces and green network. These are set out in Policy SG3 of this DPD and will be addressed in more detail <i>through the preparation of the Lancaster South Area Action Plan DPD in the future Spatial Development Framework, which will form a Development Plan Document (DPD) for the Bailrigg Garden Village.</i></u>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
		54	N/A	<p>Fourth Paragraph Future proposals will need to demonstrate that no <i>International-European</i> designated sites would be adversely affected by development either alone or in combination with other proposals, as per the requirements of Policy EN9 of this DPD. In view of the potential for likely significant effects as a result of this allocation, <i>development proposals must accord with</i> the requirements of Appendix D <i>of this DPD</i> must be delivered as part of any future proposal.</p>	To provide greater consistency within the Plan.	B
SPLA MOD_10 (Continued on next page)	Policy SG1	54	N/A	<p>Delete Fifth Paragraph To enable a comprehensive and co-ordinated approach to new development and strategic growth, piecemeal or unplanned development proposals within the area which are likely to prejudice its delivery (including the infrastructure requirement for the area) will not be permitted beyond that which has already secured planning permission and proposals which are sited within the developed footprint of Lancaster University Campus.</p>	To reflect discussions at the Examination in relation to the early release of land in the South Lancaster and reflect the direction taken in HD15.	B
				<p>Mechanism for Delivery of <i>Growth in South Lancaster, including Bailrigg</i> the Garden Village The Council will prepare and implement a specific Development Plan Document (DPD) for this <i>broad</i> area of growth, entitled '<i>Lancaster South Bailrigg Garden Village Area Action Plan DPD</i>'. As a result development in this area will be delivered in accordance with this Area Action Plan and the Council will not support piecemeal development of this area (beyond existing planning commitments) in advance of the preparation of this DPD. The recommendations of the Local Plan (Part One) Sustainability Appraisal should be taken into account when preparing this document. The purpose of the forthcoming DPD will be as follows:</p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<p>B. To set out a Spatial Development Framework as a basis for further masterplanning, and to help guide the preparation of future planning applications To provide a Spatial Development Framework- and against which future development proposals and planning applications can will be assessed; and</p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<p>Delete Point 3 3. To provide a Spatial Development Framework against which future development proposals and planning applications will be assessed; and</p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B
				<p>C. To facilitate enable and support the co-ordination and timely delivery of the infrastructure necessary to facilitate growth in this location.</p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<p><u>Development within the broad area for growth in advance of the Lancaster South Area Action Plan DPD will be permitted provided that:</u></p> <p><u>1. There would be no prejudice to the delivery of the wider Bailrigg Garden Village (including its infrastructure requirements) and would not undermine the integrated and co-ordinated approach to the wider Bailrigg Garden Village development; and</u></p> <p><u>2. That the development would conform with and further the Key Growth Principles described in Policy SG1; and</u></p> <p><u>3. That the opportunities for sustainable transport modes have been fully considered and that the residual impacts upon the transport network will not be severe.</u></p> <p>Last Paragraph</p> <p>To ensure the timely delivery of the Bailrigg Garden Village, work on the Spatial Development Framework and the wider DPD has already commenced and is anticipated to be ready for adoption within the first five years of the plan (i.e. before 20224). Failure to achieve this may result in the need for an early review of the Local Plan to ensure that housing delivery rates are maintained to meet development needs.</p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination, reflecting in the submissions made as part of HD15.	B
				<p>The Council anticipates that housing delivery will begin contributing to meeting the district's housing needs by the later part of the first five years of the plan, with rates increasing through the middle to later stages of the plan period and beyond into the next plan period. As a result the Council anticipates that the delivery of housing will begin contributing to meet the district's housing needs by the middle of the plan period (i.e. no development prior to year 6 of the plan period), continuing on into the latter stages of the period and beyond into the next plan period. The Council believes it is reasonable that levels of growth could be accelerated in the Garden Village to match future demands within the latter stages of the plan period once strategic infrastructure needs have begun to be addressed.</p> <p>New paragraph to read:</p> <p><u>In exceptional circumstances, the Council may permit development proposals that are advance ahead of the finalisation of the Lancaster South Area Action Plan DPD. As previously stated the Council will not seek to support piecemeal development, however where proposals are consistent with the key growth principles set out in Policy SG1 of this DPD and do not prejudice the wider delivery of Growth in the South Lancaster area (including the Bailrigg Garden Village) then development will be permitted.</u></p>	To better reflect development growth aspirations contained within the plan and as discussed at the Examination.	A

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<u>Lancaster's role as a sub-regional centre in accordance with Policy TC1.1 of this DPD. This growth is considered essential to enable the district to retain and attract the workforce, students and visitors it needs to sustain economic growth.</u>	wording was included in the submission following discussions on Day 5 of the Examination (HD45).	
				<u>The principles of redevelopment and regeneration at the Canal Corridor North site have been widely accepted via previous planning decisions. Importantly, during the 2009 Public Inquiry into regeneration of the then Canal Corridor the Secretary of State acknowledged that there was no available and sequentially preferable site (or combination of sites) which could accommodate town centre growth of the scale proposed, even if disaggregated (paragraph 16 of the Secretary of State's decision). Whilst the composition of any future scheme may be different (in terms of the uses proposed and the way that it is phased) the scale of the regeneration project will remain the same and therefore the Council is comfortable that the Canal Quarter site, as identified under Policy SG5 of this DPD, is still the sequentially preferable location to deliver opportunities for comprehensive regeneration and improvements to the city centre.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>The Local Plan will seek to support a flexible range of uses on the Canal Quarter site where they boost the existing role and function on the city centre. Suitable uses will include a mix of both comparison and convenience retailing which seeks to complement the existing offer, cultural uses which complement and improve the existing facilities at the Dukes and Grand Theatres and commercial leisure uses, in particular placing a greater emphasis on growing the food and drink offer within the City Centre as well as residential development.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>The Canal Quarter is expected to be a place where people can live, work and enjoy their spare time, therefore redevelopment of this site for employment / business purposes, particularly where they support the emerging economic growth sectors defined in the Councils Economic Strategy will be supported. In particular the Council will support the creation of business spaces for digital and creative industries, professional services and other knowledge based sectors.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>The redevelopment of the Canal Quarter area will result in the regeneration of a significant area of land to the east of the City Centre which will, in due course, expand the boundaries of Lancaster City Centre. The Council is clear that proposals for the Canal Quarter should seek to complement existing offers provided in the wider centre and should not seek to compete with, or detract from, existing businesses, retailers or cultural / leisure offers within the city centre.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<u>Development in the Canal Quarter should come forward in line with a Development Framework for the site, which will be prepared as a Supplementary Planning Document (SPD) to support the policy direction provided in SG5 of this DPD. It is the intention of this Development Framework to ensure that the regeneration of the Canal Quarter can be implemented in a phased approach which provides flexibility and adaptability in how development can evolve in this area.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>Any proposals must ensure positive integration with the existing city centre in order to attract users of the city centre to the Canal Quarter and vice versa. The Council would therefore expect proposals to incorporate good linkages for pedestrians, in particular an appropriate crossing of the Lancaster city centre gyratory. Proposals should contribute toward improving the pedestrian environment within Lancaster City Centre, supporting the direction of the Lancaster District Highways and Transport Masterplan in promoting strong linkages around the city centre and into the city centre from surrounding residential areas.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>As described in Policy SG4, Lancaster City Centre is evolving into a hub for public transport, with the delivery of a new bus rapid transit system which will connect Bailrigg Garden Village, Central Morecambe and Heysham and the growth areas in East Lancaster and North Lancaster with the City Centre. The regeneration of the Canal Quarter must ensure that connectivity to and from these public transport nodes is achieved in such a way which promotes its use and increases pedestrian footfall in and around the City Centre.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
SPLA MOD_14	Policy SG5	63-65	13.1 3 - 13.2 0	<u>The City Centre is home to an ever increasing number of student from Lancaster University and the University of Cumbria who have an important role in maintaining a healthy and vibrant City Centre. The regeneration of the Canal Quarter provides the opportunity to provide a greater presence for Lancaster University and improve the links between the areas of higher education and the City as a whole. The Council will seek to support a greater university presence in the city centre through the creation of new cultural, education and leisure facilities which will improve the overall city centre offer.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>The Council will continue to facilitate the provision of student accommodation in the district, recognising the most preferable locations for such uses are either on campus itself or within the city centre. However, specific consideration and justification will need to be given around the appropriateness of siting a significant volume of student accommodation within the Canal Quarter in light of the significant permissions which have been given across the city centre in recent years. The Council will seek to balance the demand and opportunities for student accommodation development within the Canal Quarter Scheme with the need to promote</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<u>sustainable and exciting mix of uses, encourage year round activity, and deliver a comprehensive and balanced place-making agenda.</u>		
				<u>The Canal Quarter site involves the regeneration of an area which, in places, has significant historic value. The site includes a number of historic local buildings which, where it is appropriate and possible to do so, should be retained. The Council has undertaken a heritage assessment of the historic assets found within the Canal Quarter area, the findings and recommendations of this assessment work should underpin future proposals.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination. (HD45).	A
				<u>Developers and agents for this site will be expected to work with both the City Council and Historic England to consider the most important aspects of the historic environment to be retained as part of their planning application and should have due regard to the relevant policies of the Development Management DPD.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>The regeneration of the Canal Quarter presents a significant opportunity for a step-change in improving the function and role of Lancaster City Centre. However, it is important that the regeneration of this area seeks to benefit the City Centre as a whole, in particular ensuring that the existing businesses and retailers also see benefits and improvements arising from the scheme.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
				<u>In order to achieve this, and to clearly define how such benefits will be delivered, the Council will seek to promote improvements through the preparation of a Town Centre Strategy which will be prepared in collaboration with key City Centre stakeholders. The strategy will set out a positive and proactive approach towards regeneration, improvement and renewal, building on the successes of recent projects such as 'Square Routes' and 'Beyond the Castle' to ensure that the benefits which arise from the regeneration of the Canal Quarter, particularly in terms of investment and footfall, are shared through the whole City Centre.</u>	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the justification text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	A
		66	N/A	Due to the comprehensive nature of this suggested modification these changes proposed are not highlighted in this modification list but can be viewed in the accompanying tracked-changed Strategic Policies & Land Allocations DPD.	Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, it was considered necessary to completely re-shape the policy text relating to this site. The amended wording was included in the submission following discussions on Day 5 of the Examination (HD45).	C

B
		83	N/A	Additional paragraph to read: <u>Future proposals will need to demonstrate that no International designated site would be adversely affected by development either alone or in combination with other proposals, as per Policy EN7 of this DPD. In view of the potential for likely significant effects as a result of this allocation the requirements of Appendix D must be delivered as part of any future proposal.</u> Final Paragraph Any <u>future planning application(s)</u> proposal that is submitted for this area will be expected to take fully into account the content of the Development Brief and all other relevant policies within the Local Plan.	To provide consistency with the wider plan and ensure consistency with the outcomes of the SA process.	C
		84	N/A	<u>In order to meet an identified deficit in office space (as identified in the Council's Employment Land Review) in the district, the Council have identified the potential delivery of 2 hectares of B1 employment land on the eastern part of the North Lancaster Strategic Site (accessed from Kellet Lane) . However, mindful of the need for housing delivery within the district the Council will support residential development in this area should it be demonstrated that a robust and thorough market exercise has taken place which demonstrates that there has been no demand for the site. The marketing exercise should demonstrate that the site has been marketed for employment purposes for no less than 2 years of the site becoming available for development (i.e. the formal adoption of the plan and allocation of the site). The marketing exercise should be clearly demonstrated to robust in terms of making use of the appropriate media sources (both locally and nationally) and ensure it is being marketed for a realistic price for the use identified.</u>	To provide further clarity to the policy and as agreed in the North Lancaster Statement of Common Ground (HD27).	A
SPLA MOD_18	Policy SG10	85	N/A	Criterion I The provision of additional school places at a primary level. To achieve this it is expected that new development <i>will</i> fund the creation of a new primary school within the site in an appropriate, convenient and accessible location to the east of the A6 to be agreed with the education authority. The new primary school should be Single form Entry in size however should be provided on a plot which could be expanded in the future to create a two-form entry school. The delivery of the new school should be commissioned and delivered in partnership with the education authority;	To provide clarity within the Policy and provide consistency within the Plan.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
		86	N/A	<p>Criterion II The provision of additional school places at a secondary level. To achieve this it is expected that contributions will be made towards the delivery of a new secondary school <i>in South Lancaster at Bailrigg Garden Village</i> (as identified via Policy SG1 of this DPD) which will increase the range of secondary school places in the district to meet projected future needs.</p> <p>Criterion III The delivery of a new local centre within the Strategic Site SG9 (identified as TC1.12 on the Local Plan Policies Map) in a convenient and accessible location. The local centre should include a range of local services and community facilities that can be accessed by both new and existing residents in the North Lancaster area. The scale of the local centre should deliver in the region of 400sqm of convenience retailing floorspace and in the region of 200sqm of comparison retailing floorspace. Consideration should be given to the provision of healthcare facilities as part of this centre via discussions with the Morecambe Bay Clinical Commissioning Group;</p>	<p>To provide further clarity within the policy and consistency within the Plan.</p> <p>To provide consistency within the Plan (this requirement has also been removed from Policy SG7 in relation to the East Lancaster Strategic Site)</p>	<p>B</p> <p>C</p>
SPLA MOD_19 (Continued on next page)	Policy SG11	87	16.2 - 16.3	<p>Carnforth has seen very low levels of development growth over recent decades with very little new housing being delivered in the town. Much of the reason behind this is the constrained nature of Carnforth's surroundings. To the north and west is the Arnside and Silverdale AONB, the positioning of the M6 to the east is a significant barrier to growth and to the south and west is the North Lancashire Green Belt. Land to the north and west, and to a lesser extent to the east, also lies within flood risk zones 2 and 3. In order to achieve development growth that maintains and improves the service provision within the town it will be important that the Local Plan seeks to provide opportunities for expansion within the town. The most suitable and logical approach to achieving this is for a relaxation of the Green Belt to the south of the town.</p> <p>Such an expansion will not only provide opportunities for growth on greenfield sites but also assist in the delivery of the extensive brownfield site at Lundsfield Quarry. Whilst permission for residential development has been granted on this site, development has stalled for a number of reasons, for example due to the current single access onto Kellot Road that obscures the site from the main highway network. This permission has now lapsed. The allocation of land for further growth in South Carnforth will allow the Lundsfield Quarry site to be accessed via multiple routes that should improve the deliverability of the site for residential purposes.</p>	<p>To provide greater consistency within the Plan.</p> <p>Following the direction of the Inspector in his Post Examination Hearing Letter (EX11) Policy SG12 has been deleted from the DPD. This modification will result in the re-numbering of both policy numbers and paragraph numbers within this chapter.</p>	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category		
		88	16.9	New paragraph to read: <i><u>In promoting improved linkages to Carnforth town centre, opportunities to enhance the local cycling and walking networks through the site should be explored. Of particular importance to the sustainability of this area is the delivery of a strong link between South Carnforth and Carnforth town centre, which includes a pedestrian / cycle crossing of the Lancaster Canal at an appropriate and logical location.</u></i>	To provide greater consistency and clarity within the Plan in light of the deletion of Policy SG13 in relation to infrastructure matters in South Carnforth.	A		
				88-89	16.10 & 16.11	Deletion of Paragraphs 16.10 and 16.11	To provide greater consistency within the Plan. Following the direction of the Inspector in his Post Examination Hearing Letter (EX11) Policy SG12 has been deleted from the DPD. This modification will result in the re-numbering of both policy numbers and paragraph numbers within this chapter.	A
				89	N/A	Delete Second Paragraph The Council will prepare a Development Brief to set out in more detail how development of this strategic site should move forward, particularly in the context of the wider growth in the South Carnforth area and the inter linkages between this site and the land South of Windermere Road, identified under Policy SG12 of this DPD. The recommendations of the Local Plan (Part One) Sustainability Appraisal should be taken into account when preparing this document.	To provide further clarity to the policy and to reflect the submissions made to the Examination via the Memorandum of Understanding for the Lundsfield Quarry Site (HD32).	B
SPLA MOD_19 (Continued on next page)	Policy SG11	89	N/A	Delete Third Paragraph The Council will expect that future proposals for the site should be prepared in the context of this Development Brief and the context of strategic growth in the South Carnforth area. Proposals should be brought forward through a comprehensive masterplan for the whole site that addresses the issues of phasing, delivering the necessary infrastructure and addressing all issues set out within the Brief. <i><u>A bespoke design and Access Statement(s) will be required with future applications. The masterplan will address phasing and the delivery of infrastructure requirements that will be negotiated through the planning application process and any viability implications will be shared in full with the Council and taken into account as part of any future development proposals and associated Section 106 requirements.</u></i>	To provide further clarity to the policy and to reflect the submissions made to the Examination via the Memorandum of Understanding for the Lundsfield Quarry Site (HD32).	B		
						Criterion I The delivery of infrastructure to make the development acceptable in planning terms, <i><u>for instance in relation to highway and transport improvements, education and open space provision,</u></i> including addressing the requirements of Policy SG13 of this DPD in relation to wider strategic infrastructure needs in the South Carnforth area;	To ensure consistency within the Plan following the deletion of Policy SG13.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
		89	N/A	<p>Criterion II</p> <p>The provision of sufficient levels of open space in accordance with the most up-to-date evidence in relation to the quantitative and qualitative needs for the locality to supplement the strategic improvements identified in Policy SG13 of this DPD. Requirements will also be expected to take account of accessibility issues and should be delivered in accordance with the requirements set out in Policy DM27 of the Development Management DPD;</p>	To ensure consistency within the Plan following the deletion of Policy SG13.	B
				<p>Criterion IV</p> <p><i>Affordable housing requirements will be determined in accordance with Policy DM3 (The Delivery of Affordable Housing) of the Development Management DPD. Where there are demonstrable constraints on viability which prejudice the delivery of development proposals, these need to be discussed at the earliest opportunity with the Council, preferably prior to the submission of any relevant planning application. Viability matters will be determined in accordance with Policy DM3 and other national or local planning policy deemed consequential. Approximately 40% of the residential units will be defined as 'affordable' which include the delivery of a full range of affordable products through dialogue with the Local Planning Authority;</i></p>	To provide further clarity to the policy and to reflect the submissions made to the Examination via the Memorandum of Understanding for the Lundsfield Quarry Site (HD32) and the submissions made on Day 9 of the Examination (HD64).	B
		90	N/A	<p>Criterion VI</p> <p>Support will be given to development which seeks to adopt sustainable construction and design aimed at minimising energy use, reducing emissions and maximising energy efficiency <i>in line with Policy DM30 of the Development Management DPD.</i> This Development should investigate opportunities to deliver district heating systems. <i>Proposals should deliver the appropriate provision of electric charging points and other associated infrastructure for electric vehicles;</i> in line with Policy DM31 of the Development Management DPD.</p>	To provide further clarity to the policy.	B
				<p>New Criterion to read:</p> <p><i>Future planning applications should ensure that they do no prejudice the ongoing access to and operation of Carnforth Rangers Football Club;</i></p>	To provide greater clarity on this matter and to reflect the direction of the Inspector (via the Post Hearing Advice Note EX11 on wider growth in the South Carnforth area and the loss of potential alternative sites for the Football Club (i.e. the recreational hub which had been proposed via SC5 of this DPD).	B
				<p>Criterion IX</p> <p>The submission of a suitable and appropriate landscaping plan that seeks to retain <i>maximise the retention of</i> existing natural features, including the retention of trees and hedgerows and makes the best use of the topography of the site. Landscaping should seek to enhance the sites position adjacent to Lancaster Canal;</p>	To provide further clarity to the policy.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				New criterion to read: <u>To provide new home owners with 'Home Owner Packs'. This will include details of the sensitivities of the land adjacent to the development (and the wider Morecambe Bay coastline) to recreational pressure, and promote the use of alternative areas for recreation, such as public open space within the development;</u>	To provide consistency with SA Report and to reflect the submissions made to the Inspector (HD32).	B
		91	N/A	New criterion to read: Future planning application(s) will need to take account of the recommendations for mitigating harm and/or maximising enhancements as set out in the Council's Heritage Impact Assessment for the site;	To provide further clarity to the policy and to accord with the Statement of Common Ground with Historic England (HD39) and the memorandum of understanding for Lundsfield Quarry (HD32).	B
		91	N/A	Criterion XV The delivery of <u>improvements to the existing highway network, particular any necessary improvements to Kellet Road and</u> a highways scheme which provides safe, suitable and appropriate access onto both Kellet Road to the north and connections to new development on land south of Windermere Road, as identified under Policy SG12 of this DPD. Further access points should be investigated into the Highfield Estate for cycling, walking, public transport and emergency vehicles only; and	To ensure consistency with the deletion of Policy SG12 and incorporate criterion from the deleted Policy SG13. This modification is on the basis of the direction of the Inspectors Post Hearing Advice Note (EX11).	B
SPLA MOD_19	Policy SG11	91	N/A	Criterion XVI The incorporation of cycle and pedestrian access with strong and positive linkages to the existing network, including improvements to cycling and pedestrian links from the site into Carnforth Town Centre. <u>This could include via the creation of a new pedestrian / cycle bridge across Lancaster Canal. Positive cycling and walking links should also be delivered into the development proposals to the South identified under Policy SG12 of this DPD;</u> <u>Contributions should be made towards improvements to public transport, with a particular emphasis on how bus services can be linked with the site providing a local service to Carnforth Town Centre. The Council will expect such improvements to be investigated jointly with Lancashire County Council and local bus operators;</u>	To provide further clarity to the policy and to ensure consistency with the deletion of Policy SG12. The modification also reflect the submissions made to the Examination process via HD32.	B
				Additional paragraph to read: <u>Future proposals will need to demonstrate that no International designated site would be adversely affected by development either alone or in combination with other proposals, as per Policy EN7 of this DPD. In view of the potential for likely significant effects as a result of this allocation the requirements of Appendix D must be delivered as part of any future proposal.</u>	To ensure consistency with the deletion of Policy SG12 and incorporate criterion from the deleted Policy SG13. This modification is on the basis of the direction of the Inspectors Post Hearing Advice Note (EX11).	B
				Last Paragraph <u>Development proposals Any future planning applications that are submitted will be expected to take fully into account the content of the Development Brief and all other relevant policies within the Local Plan.</u>	To provide consistency with the wider plan and ensure consistency with the outcomes of the SA process.	B

				<u>Proposals should have a due regard to the wider area, this should be demonstrated via the preparation of a masterplan, submitted by the University, that confirms that the site is no longer required for ongoing educational purposes and would not impact on the viability of the university to meet its future short to medium term development needs.</u>	To provide greater clarity on this matter and to assist the delivery of Policy H3.	A
SPLA MOD_31	Policy H4	136	20.1	Land at Grab Lane in East Lancaster has been identified as a site for residential development. The site covers an area of 20 hectares and has been identified as having an indicative capacity of approximately 495 <u>200</u> dwellings.	To provide greater consistency with the Policy and to reflect discussions on Day 2 of the Examination.	A
				First Paragraph The site is expected to accommodate no more than <u>approximately 200</u> 495 residential dwellings...	To provide further clarity to the policy and to reflect discussions on Day 2 of the Examination.	C
				Second Paragraph The Council will prepare a Development Brief to set out in more detail how development of this site should move forward. The Council will expect that future proposals for the site should be prepared in the context of this Development Brief and taken forward through a comprehensive masterplan for the whole site that addresses the issues of phasing, delivering the necessary infrastructure and addressing all issues set out within the Brief.	To provide consistency with the wider plan and reflect changes to other site-specific policies in relation to this matter.	B
				Third Paragraph In preparing the masterplan and future planning application, the Council will require the following matters to be addressed-<u>In bringing forward development proposals for this site the Council will expect the following matters to be addressed:</u>	To provide further clarity to the policy and consistency with changes to other site-specific policies in the Plan.	B
			N/A	Criterion II The submission of a detailed design statement, recognising its <u>development will be required to demonstrate that the development principles and criteria identified in the design, landscaping and heritage statements, recognise the sites</u> sensitive location in the setting of Ashton Memorial and Williamson Park to the west (<u>which are important heritage assets and prominent landmarks in the wider area</u>) and areas of <u>Key Urban Setting-Landscape</u> to the east. <u>Proposals will need to take account of the recommendations for mitigating harm and/or maximising enhancements as set out in the Council's 'Grab Lane Setting Study 2012' for the site.</u> Design, layout and materials used should be sympathetic to the locality and create a strong sense of place, providing a well-designed and high-quality environment for its residents;	To provide further clarity to the policy and as agreed in the Statement of Common Ground with Historic England (HD39).	C

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				Criterion III To preserve or enhance the site's prominent location on the eastern edge of Lancaster, within the setting of <u>the Ashton Memorial, which is a highly significant heritage asset and a prominent landmark in the wider area</u> , and Williamson Park. Proposals will need to clearly demonstrate clearly , through appropriate layout, design and landscaping that it will not result in unacceptable harm on the setting of these important heritage assets and the area's wider role in defining the character of East Lancaster;	To provide further clarity to the policy and as agreed in the Statement of Common Ground with Historic England (HD39).	B
		137	N/A	Criterion IV The improvement and enhancement of land identified under Policy EN10.1 of this DPD which should be used as amenity space that provides wider public benefit both to existing and new residents in the East Lancaster area;	To avoid repetition with other criteria within Policy H4.	B
				Criterion IX Contribute to the delivery of a green corridor network within the east of Lancaster with opportunities for enhancing biodiversity, <u>open space</u> , recreation and leisure uses to be investigated via any application; New criterion to read: <u>The provision of sufficient levels of open space in accordance with the most up-to-date evidence in relation to the quantitative and qualitative needs for the locality. Requirements will also be expected to take into account of accessibility issues and should be delivered in accordance with the requirements set out in Policy DM27 of the Development Management DPD;</u>	To provide greater clarity on this matter.	B
				<u>The provision of sufficient levels of open space in accordance with the most up-to-date evidence in relation to the quantitative and qualitative needs for the locality. Requirements will also be expected to take into account of accessibility issues and should be delivered in accordance with the requirements set out in Policy DM27 of the Development Management DPD;</u>	To provide greater consistency within the Plan and greater clarity on this matter.	C
		138	N/A	Criterion XVII <u>Affordable housing requirements will be determined in accordance with Policy DM3 (The Delivery of Affordable Housing) of the Development Management DPD. Where there are demonstrable constraints on viability which prejudice the delivery of development proposals, these need to be discussed at the earliest opportunity with the Council, preferably prior to the submission of any relevant planning application. Viability matters will be determined in accordance with Policy DM3 and other national or local planning policy.</u> Approximately 40% of the residential units will be defined as 'affordable' which includes the delivery of a full range of affordable products through dialogue with the Local Planning Authority.	To ensure consistency with the evidence base, the proposed modification to DM3 and to reflect submissions may to Day 9 of the Examination (HD64).	B
				Additional paragraph to read: <u>Future proposals will need to demonstrate that no International designated site would be adversely affected by development either alone or in combination with other proposals, as per Policy EN7 of this DPD. In view of the potential for likely significant effects as a result of this allocation the requirements of Appendix D must be delivered as part of any future proposal.</u>	To provide consistency with the wider plan and ensure consistency with the outcomes of the SA process. Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
SPLA MOD_49	Policy EN10 (Proposed Mods Reference EN8)	171	N/A	Land adjacent to Fenham Carr <u>Lane</u> has been protected for a range of open space uses, including informal amenity space and for the opportunities to deliver innovative storage solutions for drainage, for instance <i>such as</i> the creation of balancing ponds and other sympathetic SuDS schemes. <u>It will preserve the immediate rural setting provided by the valley fields of the Ashton Memorial and Williamson Park (which are designated heritage assets) and help protect the Park's setting in closer views north-west from Wyresdale Road and on Fenham Carr Lane.</u>	To provide further clarity to the policy and reflect the submissions made to the Inspector on Day 9 of the Examination (HD64).	B
				Policy EN10.2 Land adjacent to the M6 has been protected to maintain a green gap between development and the motorway to protect residential amenity and <u>the wider setting of the Ashton Memorial and Williamson Park. It will preserve the public's visual amenity and appreciation of the designated heritage assets from Newlands Road and the M6 views towards the Ashton Memorial and Williamson Park.</u>	To provide further clarity to the policy and as submitted on Day 9 of the Examination (HD64).	B
SPLA MOD_50	Policy SC2	176	N/A	Third Paragraph Development will also only be considered <i>not inappropriate</i> if it is in accordance with paragraph 89 and 90 of the National Planning Policy Framework.	To ensure consistency with the NPPF as discussed on Day 6 of the Examination.	B
				Delete Reference within the Local Green Space Table: SC2.1 – Freeman's Wood – Historic Significance and Recreational Value	As instructed by the Inspector in his Post Examination Advice Note (EX11) and his conclusion that this site does not meet the Local Green Space Designation as set out in the National Planning Policy Framework. As a result this site has been removed from Policy SC2. This modification will result in the re-numbering of all further Local Green Space Designations within this Policy and references on the Local Plan Policies Map.	B
SPLA MOD_51	Policy SC4	178	N/A	Lancaster University Campus and the Eastern Fringes of Lancaster	To provide consistency with the wider policy and evidence base and to reflect the SoCG with Lancaster University (HD40).	B
SPLA MOD_52	Policy SC5	179	N/A	Bailrigg Garden Village South Camforth	To provide greater clarity, this matter will be addressed in more detail via the Lancaster South Area Action Plan DPD. To reflect the direction of the Inspectors Post Hearing Advice Note (EX11) which seeks to remove the housing allocation in South Camforth (SG12). The recreation Opportunity Area was based on strategic growth occurring in this area and without sufficient quantum of development this is no longer considered to be a realistic allocation.	B

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
SPLA MOD_53	Policy T3	184	N/A	<u>Development adjacent to waterways only be permitted if it can be demonstrated that it would not adversely impact on the structural integrity of the waterway or its related infrastructure and assets.</u>	To provide further clarity to the policy and to address issues raised by Inland Waterways at the Examination..	B
SPLA MOD_54 (Continued on next page)	N/A	186	25.1	The effective review and monitoring of the Strategic Policies and Land Allocations DPD will be crucial to its successful delivery and is critical in understanding its effectiveness. A separate report setting out the Monitoring Framework for the district will be prepared. The Monitoring Framework will set out how the implementation of policies within the Local Plan will be monitored and describes the evidence base that will be used to support this.	To provide further clarity on this matter and reflect discussions on Day 5 of this Examination.	A
	N/A	186	25.1	<u>The Council have prepared a Monitoring Framework which sets out how the implementation of policies will be monitored to understand whether they have been successful and describes the evidence base that will be used to support this. The Monitoring Framework can be viewed in more detail through Appendix F of this DPD.</u>	To provide further clarity on this matter and reflect discussions on Day 5 of this Examination.	A
	Policy LPRM 1	186-188	N/A	<u>Early Review of the Local Plan</u> <u>There is an obligation upon the Council to review a local plan within 5 years of its adoption. Ordinarily it will not be necessary to undertake earlier reviews of the plan (whether in full or partially). However it is recognised that circumstances may change sufficiently that the effect upon key aspects of the plan would warrant an earlier review.</u>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	A
SPLA MOD_54	Policy LPRM 1	186-188	N/A	<u>Thus changes which substantially alter any of the following are likely to trigger the need for an immediate review:</u>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	A
				<u>I. The assumptions which underpin the need for development household projections and economic forecasting are regularly updated and it is not intended that the mere fact that the evidence base underpinning the need for housing or employment within Lancaster would necessarily trigger such a review. However, if the assumptions substantially alter (as has occasionally happened) giving rise to very different land take requirements, then this policy would trigger a review of the plan.</u>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	A

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Mod. No.	Policy No.	Page No.	Para No.	Proposed Amendment	Reason For Amendment	Arcadis Category
				<p><u>II. The delivery of anticipated infrastructure which underpins the local plan; The Infrastructure Delivery Plan sets out the requirements which underpin the plan so far as they can be determined at the point of adoption. It is recognised that infrastructure requirements and delivery can alter over time, which may in turn have an effect upon the delivery of key elements of the plan. Where there is a change in likely infrastructure delivery which has a substantial effect upon the strategy of the plan then that will trigger a review of the plan.</u></p> <p><u>It should be noted that changes in infrastructure planning could occur which are both positive and negative in its effects upon the plan. This criterion is not limited simply to changes which diminish infrastructure delivery but encompasses circumstances which improve infrastructure delivery beyond those anticipated at the date of adoption.</u></p>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	A
				<p><u>III. The rate of delivery of key strategic sites; The local plan is heavily reliant upon the delivery of its key strategic sites both in relation to homes and jobs. Robust and realistic assumptions have been made in relation to the delivery of those sites and suitably conservative assumptions have been made as to the likely yield of housing and jobs from the sites within the plan period.</u></p> <p><u>It is nonetheless recognised that unforeseen circumstances may impinge upon the delivery of development at the key strategic sites. Where delivery rates of either jobs or homes is substantially lower than has been anticipated at the point of adoption, then that is likely to give rise to a need for an early review of the plan.</u></p>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	A
				<p><u>Policy LPRM1: Local Plan Review Mechanism</u></p> <p><u>The Council is obliged to review the Local Plan within 5 years of the date of adoption. An earlier review will be undertaken in the event there is:</u></p> <p><u>I. A significant change in circumstances which substantially alters key aspects of the plan, such as:</u></p> <ul style="list-style-type: none"> <u>• The assumptions which underpin the need for development.</u> <u>• The delivery of anticipated infrastructure which underpins the Local Plan.</u> <u>• The rate of delivery of key strategic sites.</u> <p><u>II. The rate of delivery, or the overall capacity, of the Bailrigg Garden Village is well below that which is anticipated at the time of the Local Plan adoption. Such a review should be undertaken with all due expedition and in any event within 2 years from the date of a commitment to a review being made.</u></p>	To ensure appropriate monitoring mechanisms are in place as discussed at the Examination. The modification is based on the working version submitted via HD09 and has been updated to reflect further discussions which took place during the course of the Examination.	C

3.3 Strategic Objectives

The Plan Part 1 includes five Strategic Objectives. The Council has proposed a new Strategic Objective in addition to these:

'Working to reduce levels of air pollution within the district, particularly in the designated Air Quality Management Areas (AQMAs) of Lancaster City Centre, Carnforth Town Centre and Galgate and other major transport corridors within the district.'

The Strategic Objectives have been tested for their compatibility. Table 3-3 presents a compatibility check between the new Strategic Objective and the SA Objectives.

Table 3-3: Compatibility of new Strategic Objective 6 with SA Objectives

EN8. Air quality	✓
EN9. Waste	✓

3.4 Strategic Policies

The Strategic Policies SP5 and SP6 have undergone Main Modifications.

The employment allocation under SP5 has been increased. The policy previously sought to secure 48.9ha of employment land across the District. This has been increased from 48.9 to 59.5 ha of employment land, with the modified policy now stating:

‘To facilitate and support opportunities for economic growth across the Plan period, the Local Plan seeks to allocate 59.5 hectares of employment land to provide...’

The assessment findings of this policy in the published SA would be unlikely to discernibly change as a result of the increased employment allocation. It could lead to a greater beneficial impact on employment and the economy, but the SA assessment for SP5 already identifies major positive impacts for these economic focussed SA Objectives (EC1 – EC5). Negative impacts on the natural environment could be a slightly greater risk as a result of the increase in employment land, but the assessment in the SA already identifies potential negative impacts on these SA Objectives and so the existing appraisal will remain unchanged.

It is expected that the increase in employment land allocation would largely be achieved through the new site of the new employment site EC2.1, Middleton Road Employment Area, which is assessed below.

Policy SP6 establishes what the Council considers to be a deliverable and realistic housing requirement for the District. The modified policy sets out a commitment to delivering an average of 522dpa over the Plan period. This figure is the subject of the Lancaster Local Plan Sustainability Appraisal Addendum (March 2019)¹. SP6 also sets out the expected number of dwellings to be completed each year following adopted of the Plan. These have been slightly modified in a way that does not alter the SA assessment findings.

The balance between employment and housing in Lancaster has been an important consideration during the preparation of the Plan. In March 2019 the Council commissioned a technical note on the demographic and economic impacts of the 522dpa housing requirement due to the importance of the housing requirement in facilitating jobs growth in the District. This was accompanied by an SA Addendum² providing an updated assessment of the sustainability impacts of the 522dpa housing requirement in light of the latest data arising from the technical note. The SA addendum also concluded that the approach through the SA to the balance between housing and economic development has been appropriate and consistent with the statutory requirements, and this is still considered to be the case in light of the Main Modifications.

3.5 Policy SG5: Canal Quarter, Central Lancaster

Given the changing position of the Canal Quarter, the changes to ownership and direction of redevelopment due to the break-up of the Developer Partnership with British Land, the Council has re-shaped Policy SG5, which relates to this site. The new wording of the policy has been closely reviewed alongside the previous wording as well as the existing assessment findings for this policy in the SA. Overall, it is considered that the

¹ Available online at:

https://www.lancaster.gov.uk/assets/attach/4730/LCC7.1.3_Lancaster%20Local%20Plan%20SA%20Addendum.pdf.

² Arcadis, March 2019, Lancaster Local Plan Sustainability Appraisal Addendum, available online at:

<https://www.lancaster.gov.uk/planning/planning-policy/examination-stage>

modifications made to the policy do not alter the predictions and evaluations presented in the existing assessment of this policy. The modifications do offer a greater focus on ensuring the site is accessible via walking and cycling, although the previous wording also ensures that development here conforms with the Lancaster District Highways and Transport Masterplan which also places significant emphasis on active and public transport. It is, therefore, considered that updating or amending the assessment of Policy SG5 is unwarranted.

3.6 Policy SG7: East Lancaster Strategic Site

Policy SG7 is a strategic site in east Lancaster comprised of greenfield land surrounding Ridge Farm. It has been allocated for residential development. The number of dwellings the Council expect the strategic site to accommodate has increased from 900 to approximately 930 dwellings.

The extent of the SG7 allocation has been slightly extended to include the land at Cuckoo Farm and land to the west of the farm. The landscape designation has subsequently been scaled back towards the motorway to provide a narrow buffer.

The proposed increase in capacity would be likely to have the following impacts on the assessment of this site:

- The assessment against the Housing SA Objective identifies a major positive impact due to the provision of 900 homes, including homes for a range of needs (e.g. affordable). Impacts against economic SA Objectives were also predicted to be positive. These positive impacts would be of a slightly greater magnitude due to an additional 30 dwellings and a more defined provision of affordable housing; and
- Negative impacts against other SA Objectives were associated with the increase in the number of local residents (e.g. increased pressure on capacity of school or increase traffic in the AQMA), as well as the loss of greenfield land (e.g. reduced ecological connectivity). These negative impacts could be of a slightly greater magnitude due to the additional 30 dwellings and associated increase in greenfield uptake.

Whilst the Main Modifications of SG7 could increase the magnitude of some of the predicted and evaluated effects, this would be expected to be mitigated to some extent by the criteria in the policy (including the modified criteria) whilst the increase would be of a very minor degree that does not render the existing assessment of SG7 inaccurate or out of date and therefore no changes to the existing assessment of this policy are necessary.

3.7 Policy SG8: Infrastructure Requirement and Delivery for Growth in East Lancaster

Policy SG8 is designed to help ensure that the essential infrastructure required to enable strategic growth in East Lancaster is provided for. The key Main Modification to the policy that could alter the existing findings of the SA assessment of this policy is the deletion of the following sentence, as part of criteria III:

“Consideration should be given to the provision of healthcare facilities as part of this centre via discussions with the Morecambe Bay Clinical Commissioning Group.”

The SA assessment of Policy SG8 had identified a minor positive impact against the health objective, primarily on the basis that the policy could lead to new health care facilities being provided for. As this is now not going to be the case, the assessment of this policy has been updated in Table 3-4 accordingly.

Table 3-4: Updated assessment table for Policy SG8: Infrastructure Requirement and Delivery for Growth in East Lancaster [Note: only the assessment against SA Objective S3 has needed to be revisited and amended as a result of the Main Modifications to SG8.]

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
S1 To reduce crime, disorder and fear of crime and reduce exposure to hazards	+/-	Short-, Medium- and Long-term Indirect Reversible Low / Medium	East Lancaster	Development on greenfield land could potentially increase opportunities for crime where there were none previously. However, the development of brownfield land could deter crime from occurring. Improvements to the infrastructure in the area could improve crime rates and reduce the fear of crime in local neighbourhoods.
S2 To ensure there is housing to meet all needs	0	n/a	n/a	There is no clear link between SG8 and this SA Objective.
S3 To improve physical and mental health for all and reduce health inequalities	+	Medium- and Long-term Indirect Reversible Low	East Lancaster	Access to open spaces would provide local people with good opportunities for outdoor recreation and exercise as well as access to semi-natural habitats.
S4 To encourage lifelong learning	++	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	Access to open spaces could increase the opportunities in the area for environmental education. The expansion of existing schools in East Lancaster and the potential to commission a new school would also contribute to increased levels of educational attainment in the area.
S5 To improve sustainable access to basic goods, services and amenities for all groups	++	Short-, Medium- and Long-term Indirect Reversible High	East Lancaster	The policy proposes a new local centre including local services and community facilities and proposes to strengthen sustainable transport provisions in the area allowing easier access into the centre of Lancaster also.
EC1 To encourage thriving local economies	+	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	The strengthening of the local infrastructure could potentially be a catalyst for the local economy especially following the installation of new services in the area which will also provide increased job opportunities.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
EC2 To ensure key economic drivers are strong	O	n/a	n/a	There is no clear link between SG8 and this SA Objective.
EC3 To ensure the workforce meets local economic needs	O	n/a	n/a	There is no clear link between SG8 and this SA Objective.
EC4 To encourage economic inclusion	+	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	The proposed services in East Lancaster could provide limited employment opportunities in an area that is close to areas of high employment deprivation
EN1 To limit and adapt to climate change	++	Long-term Indirect Irreversible Low	East Lancaster	Policy proposes the strengthening of sustainable transport provisions in the area which may help reduce local emissions to air. Although development will result in a large area of greenfield land being lost. Open space has been included within the policy that also includes SuDS in order to prevent and reduce the current flood risk in the area.
EN2 To protect and enhance the quality of water features and resources	O	n/a	n/a	There is no clear link between SG8 and this SA Objective.
EN3 To protect and enhance biodiversity	O	n/a	n/a	There is no clear link between SG8 and this SA Objective.
EN4 To protect and enhance landscape and townscape character and quality	+/-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	A large amount of greenfield land would be lost to make way for the development of East Lancaster therefore resulting in potentially adverse effects on the local landscape. However, provisions have been made for areas of open space potentially reducing these adverse effects.
EN5 To ensure the sustainable use of natural resources	-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	All development is likely to increase the use of natural resources. The use of reused and recycled construction materials should be strongly considered. Development in this area would also result in a large amount of greenfield land being lost to accommodate the proposed schemes.

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
EN6 To increase energy efficiency and require the use of renewable energy sources	O	n/a	n/a	There is no clear link between SG8 and this SA Objective.
EN7 To protect and enhance the historic environment and heritage assets	-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	Site at Cuckoo/Ridge Farm is adjacent to a Conservation Area and a registered park and garden which could result in significant adverse effect on these designated areas given the large scale of the site
EN8 To protect and improve air quality	+/-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	Whilst the strengthening of sustainable transport particularly through the bus rapid transfer scheme may go some way to reducing local emissions to air the large scale of the cumulative development in the area would likely result in an increase in local emissions to air through the increased use of the private car.
EN9 To minimise waste, increase re-use and recycling	-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	All development in the area would increase waste production. Recycling should be strongly promoted through the settlement.

3.8 Policy SG9: North Lancaster Strategic Site

SG9 is a strategic site at Hammerton Hall / Beaumont Hall in North Lancaster allocated for residential-led development. The size of the allocation has been reduced from 75.4ha to 66.84ha. The policy includes various requirements for development proposals at the site. Of importance for the SA are three new criteria following the Main Modifications:

- “The identification of the Valley Meadow Habitat Creation Area detailing how this will be maintained and protected. This should be prepared in dialogue with Lancashire County Council having regards to the Meadow Habitat Licence Agreement”;
- “The site shall, subject to detailed technical design, include an internal road layout to provide for an unfettered vehicle and pedestrian / cycle access (to an adoptable standard) from Slyne Road (A6) to Hammerton Hall Lane”;
- “Future proposals will need to demonstrate that no Internationally designated site would be adversely affected by development either alone or in combination with other proposals, as per Policy EN7 of this DPD. In view of the potential for likely significant effects as a result of this allocation the requirements of Appendix D must be delivered as part of any future proposal”.

These Main Modifications would be unlikely to discernibly impact the SA assessment results for SG9. Assessments carried out in SA operate at a high and strategic level and it is considered that the degree of alteration to the policy would not be discernible at the scale the assessments operate at, even though they could help to ensure that negative impacts on biodiversity and heritage are avoided or minimised to some extent. It should also be noted that the assessment currently predicts a positive impact.

3.9 Policy SG10: Infrastructure Requirement & Delivery for Growth in North Lancaster

SG10 is designed to help ensure that the essential infrastructure for facilitating strategic growth in North Lancaster is provided for. Of significance for the SA is the Main Modification that deletes the following sentence from the policy:

“Consideration should be given to the provision of healthcare facilities as part of this centre via discussions with the Morecambe Bay Clinical Commissioning Group;”

As with Policy SG8, the assessment of Policy SG10 against the health SA Objective identified a likely positive impact as a result of the potential of a new health care facility. As this has since been removed, the assessment of Policy SG10 has been updated in Table 3-5.

Table 3-5: Updated assessment table for Policy SG10: Infrastructure Requirement and Delivery for Growth in North Lancaster [**Note:** only the assessment against SA Objective S3 has needed to be revisited and amended as a result of the Main Modifications to SG10.]

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
S1 To reduce crime, disorder and fear of crime and reduce exposure to hazards	+/-	Short-, Medium- and Long-term Indirect Reversible Low / Medium	East Lancaster	Development on greenfield land could potentially increase opportunities for crime where there were none previously. However, the development of brownfield land could deter crime from occurring. Improvements to the infrastructure in the area could improve crime rates and reduce the fear of crime in local neighbourhoods.
S2 To ensure there is housing to meet all needs	0	n/a	n/a	There is no clear link between SG10 and this SA Objective.
S3 To improve physical and mental health for all and reduce health inequalities	+	Medium- and Long-term Indirect Reversible Low	East Lancaster	Access to open spaces would provide local people with good opportunities for outdoor recreation and exercise as well as access to semi-natural habitats.
S4 To encourage lifelong learning	++	Short-, Medium- and Long-term Indirect	East Lancaster	Access to open spaces could increase the opportunities in the area for environmental education. The expansion of existing schools in North Lancaster and the potential to commission a new school would also contribute to increased levels of educational attainment in the area.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
		Reversible Medium		
S5 To improve sustainable access to basic goods, services and amenities for all groups	++	Short-, Medium- and Long-term Indirect Reversible High	East Lancaster	The policy proposes a new local centre including local services and community facilities and proposes to strengthen sustainable transport provisions in the area allowing easier access into the centre of Lancaster also.
EC1 To encourage thriving local economies	+	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	The strengthening of the local infrastructure could potentially be a catalyst for the local economy especially following the installation of new services in the area which will also provide increased job opportunities.
EC2 To ensure key economic drivers are strong	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.
EC3 To ensure the workforce meets local economic needs	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.
EC4 To encourage economic inclusion	+	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	The proposed services in North Lancaster could provide limited employment opportunities in an area that is close to areas of high employment deprivation
EN1 To limit and adapt to climate change	++	Long-term Indirect Irreversible Low	East Lancaster	Policy proposes the strengthening of sustainable transport provisions in the area which may help reduce local emissions to air. Although development will result in a large area of greenfield land being lost. Open space has been included within the policy that also includes SuDS in order to prevent and reduce the current flood risk in the area.
EN2 To protect and enhance the quality of water features and resources	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
EN3 To protect and enhance biodiversity	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.
EN4 To protect and enhance landscape and townscape character and quality	+/-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	A large amount of greenfield land would be lost to make way for the development of East Lancaster therefore resulting in potentially adverse effects on the local landscape. However, provisions have been made for areas of open space potentially reducing these adverse effects and the introduction of the M6 Link Road (Bay Gateway) has already significantly altered the landscape here.
EN5 To ensure the sustainable use of natural resources	-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	All development is likely to increase the use of natural resources. The use of reused and recycled construction materials should be strongly considered. Development in this area would also result in a large amount of greenfield land being lost to accommodate the proposed schemes.
EN6 To increase energy efficiency and require the use of renewable energy sources	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.
EN7 To protect and enhance the historic environment and heritage assets	O	n/a	n/a	There is no clear link between SG10 and this SA Objective.
EN8 To protect and improve air quality	+/-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	Whilst the strengthening of sustainable transport particularly through the bus rapid transfer scheme may go some way to reducing local emissions to air the large scale of the cumulative development in the area would likely result in an increase in local emissions to air through the increased use of the private car.
EN9 To minimise waste, increase re-use and recycling	-	Short-, Medium- and Long-term Indirect Reversible Medium	East Lancaster	All development in the area would increase waste production. Recycling should be strongly promoted through the settlement.

3.10 Policy SG12 and Policy SG13

Policy SG12: Land South of Windermere Road, South Carnforth and Policy SG13: Infrastructure Requirement & Delivery for Growth in South Carnforth have been deleted. The assessments of these policies in the published SA Report should therefore no longer be seen as assessments of proposed policies in the Plan Part 1.

3.11 Policy SG15: Heysham Gateway, South Heysham and Policy EC2: Future Employment Growth

Policy SG15 seeks to deliver a regenerated area that capitalises on investment to provide high quality development, enhanced infrastructure and a unique environment. The Council has proposed Main Modifications that would be likely to help avoid or minimise potential negative impacts on biodiversity. The following criteria have been included within the Policy:

- *“Proposals will be expected to demonstrate how the SSSI and Biological Heritage Sites will be protected and enhanced and how any residual impacts can be off-set via habitat creation and enhancement. The Council will also expect development proposals to deliver positive benefits to biodiversity through the restoration, enhancement and creation of appropriate semi-natural habitats within and through the Heysham Gateway Area to maintain, restore and create functional ecological networks;”*
- *“Future proposals in relation to National Grid Sub-Station land (SG13.1) will need to demonstrate that no designated site would be adversely affected by development either alone or in combination with other proposals, as per the requirements of EN7 of this DPD. In the view of the potential for significant likely effects as a result of this allocation the requirements of Appendix D of this DPD must be delivered as part of any future proposal”*

Policy EC2 establishes the future B1, B2 and B8 employment land needs for the District. The policy has been modified to indicate that the Council anticipates that 59.6ha of such land, rather than the previously identified 46.2ha of employment land, is needed over the Plan period. The increase of 13.3ha of employment land that this Main Modification proposes would be achieved through a new employment site allocation, EC2.1 Middleton Road Employment Area, to be included within the Heysham Gateway strategic area (Policy SG15). This new allocation would create further opportunities for economic growth in this strategically important location. The SA assessment of SG15 already factors in the 15ha employment allocation made for the expansion of existing employment areas at Lancaster West Business Park, Major Industrial Estate and Heysham Industrial Estate.

The SA assessment for SG15 has been updated in light of Main Modifications to development criteria and to factor in the new employment allocation in Table 3-6.

Table 3-6: Updated assessment table for Policy SG15: Heysham Gateway, South Heysham, incorporating the new 2ha employment site allocation EC2.1 Middleton Road Employment Area

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
S1 To reduce crime, disorder and fear of crime and reduce exposure to hazards	O	n/a	n/a	There is no clear link between these policies and this SA Objective.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
S2 To ensure there is housing to meet all needs	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
S3 To improve physical and mental health for all and reduce health inequalities	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
S4 To encourage lifelong learning	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
S5 To improve sustainable access to basic goods, services and amenities for all groups	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
EC1 To encourage thriving local economies	++	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	The policy is centred around encouraging economic growth and identifying land for business start-ups and growth particularly around the port. By encouraging economic growth in the area job opportunities and diversity of these opportunities will likely increase and the potential for inward investment may also increase – especially within the offshore wind sector
EC2 To ensure key economic drivers are strong	++	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	The total of 28.3 ha of employment land within the gateway area would be expected to help diversify and increase the number of local employment opportunities. New businesses here would encourage economic growth and inward investment.
EC3 To ensure the workforce meets local economic needs	+	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	The employment land allocations within the Heysham Gateway area could help to enhance the local knowledge economy.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
EC4 To encourage economic inclusion	++	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	The creation of jobs may help to reduce unemployment rates in areas of relatively high employment deprivation such as Heysham, Lancaster and Morecambe.
EN1 To limit and adapt to climate change	+	Long-term Indirect Irreversible Low	Heysham	Policy includes district heating systems helping to increase energy efficiency of the developments and policy SG15 mentions that the Council will support the port becoming a base for energy projects – particularly offshore renewable energy projects.
EN2 To protect and enhance the quality of water features and resources	++	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	SG15 references the remediation of contaminated land and water courses in the area and also states it will have to address current drainage issues in the area via a drainage strategy for the wider Gateway area resulting in a beneficial effect on these receptors
EN3 To protect and enhance biodiversity	+	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	Development is in a very sensitive area with a high ecological value however policies do acknowledge this through the protection of European and other designated areas, in particular the Middleton Woods local nature reserve. The policy refers to the need for proposals to demonstrate how the SSSI and Biological Heritage Sites would be protected and enhanced and how any residual impacts can be off set via habitat creation and enhancement. The Council would also expect development proposals to deliver positive benefits to biodiversity through the restoration, enhancement and creation of appropriate semi-natural habitats within and through the Heysham Gateway Area to maintain, restore and create functional ecological networks. Future proposals in relation to National Grid Sub-Station land would need to demonstrate that no designated site would be adversely affected. Overall, the policy would be likely to have positive effects on biodiversity but some minor negative effects, such as on ecological connectivity, can not yet be entirely ruled out.
EN4 To protect and enhance landscape and townscape character and quality	+/-	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	SG15 may have a positive impact on the local landscape through the regeneration of the port area however expanding the port may result in some loss of greenfield land. SG16 would result in some greenfield land being lost to development therefore having an adverse effect on the local landscape however some brownfield land is also included in the development which may result in positive effects.
EN5 To ensure the sustainable use of natural resources	-	Short-, Medium- and Long-term Indirect	East Lancaster	All development is likely to increase the use of natural resources. The use of reused and recycled construction materials should be strongly considered. Development in this area would also result in a large amount of greenfield land being lost to accommodate the proposed schemes.

SA Objective	Score	Temporal Scale Nature of Impact (Direct/Indirect) Reversibility Certainty	Geographical Extent	Commentary/Mitigation
		Reversible Medium		
EN6 To increase energy efficiency and require the use of renewable energy sources	O	n/a	n/a	Policy includes district heating systems helping to increase energy efficiency of the developments and policy SG15 mentions that the Council will support the port becoming a base for energy projects – particularly offshore renewable energy projects
EN7 To protect and enhance the historic environment and heritage assets	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
EN8 To protect and improve air quality	O	n/a	n/a	There is no clear link between these policies and this SA Objective.
EN9 To minimise waste, increase re-use and recycling	-	Short-, Medium- and Long-term Indirect Reversible Medium	Heysham	Policy would result in a net increase in waste production. Recycling should be strongly promoted in the area to reduce the amount of waste sent to landfill.

3.12 Housing allocations

Whilst a range of strategic growth areas have been identified in South Lancaster, East Lancaster and North Lancaster, smaller-scale sites that would contribute to towards meeting development needs in the District have been identified in the Housing policies.

The Main Modifications have resulted in changes to these smaller-scale allocations, with some being deleted, some new sites identified, and the size or capacity of other sites being revised. Table 3-7 sets out the Main Modifications to the smaller-scale residential sites and how these influence the existing SA assessments.

Table 3-7: Main Modifications to smaller-scale housing allocations and the impacts of these on the SA

Publication allocation name and ref	Modified allocation name and ref	Modification(s)	Impact on published SA
SG1, Bailrigg Garden Village	SG1, Lancaster South Broad Location for Growth	None	No changes to assessment needed.
SG7, Ridge Farm/Cuckoo Farm, East Lancaster	SG7, East Lancaster Strategic Site	Capacity has increased from 900 to 930 dwellings	Potential impacts on assessment, see below.
SG11, Lundsfield Quarry, South Carnforth	SG11, Lundsfield Quarry, South Carnforth	Capacity has increased from 200 to 250 dwellings	Potential impacts on assessment, see below.
SG12, South of Windermere Road, South Carnforth	SG12, South of Windermere Road, South Carnforth	Allocation has been deleted.	Assessment of this site no longer needed.
H1.1, Moor Park, Quernmore Road	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H1.2 New Quay Road, Lancaster	H1.1 New Quay Road Lancaster	None	No changes to assessment needed.
H1.3 Luneside East, Lancaster	H1.2 Luneside East, Lancaster	None	No changes to assessment needed.
H1.4, Broadway Hotel, Morecambe	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H1.5, Land West of 112 White Lund Road, Oxcliffe Road	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H1.6, Grove Street Depot, Morecambe	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H1.7, Land West of Middleton Road, Heysham	H1.4, Land West of Middleton Road, Heysham	Capacity has increased from 60 to 75 dwellings	Modifications of this site do not alter the existing assessment as the extent of increase is small.
H2.5, Briar Lea Road, Nether Kellet	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H2.6, Land North of Old Hall Farm, Over Kellet	H2.5, Land North of Old Hall Farm, Over Kellet	None	No changes to assessment needed.

Strategic Policies and Land Allocations DPD Main Modifications – SA Addendum

Publication allocation name and ref	Modified allocation name and ref	Modification(s)	Impact on published SA
H2.7, Monkswell Avenue, Bolton Le Sands	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
H2.8, Halton Mills, Halton	H2.6, Halton Mills, Halton	None	No changes to assessment needed.
H2.9, Land South of Low Road, Halton	H2.7, Land South of Low Road, Halton	None	No changes to assessment needed.
H2.10, Land Between Load Road and Forge Lane, Halton	H2.8, Land Between Load Road and Forge Lane, Halton	Capacity has reduced from 90 to 76.	Modifications of this site do not alter the existing assessment as the extent of decrease is relatively small.
H2.11, Land to the Rear of Pointer Grove and Adjacent to High Road, Halton	H2.9, Land to the Rear of Pointer Grove and Adjacent to High Road, Halton	None	No changes to assessment needed.
H2.12, Land South of Marsh Lane, Cockerham	H2.10, Land South of Marsh Lane, Cockerham	None	No changes to assessment needed.
H3.1, Former Ridge Lea Hospital, East Lancaster	H3.1, Land at Former Ridge Lea Hospital, East Lancaster	Capacity has increased from 70 to 75 dwellings and new development criteria	Modifications of this site do not alter the existing assessment as the extent of increase is small.
H3.1, Former Ridge Lea Hospital, East Lancaster	H3.2, Land at Stone Row Head, East Lancaster	Part of old site with new capacity of 10 dwellings.	Requires new SA assessment. See below.
H3.2, University of Cumbria	H3.3, Land at University of Cumbria	New development criteria	Modifications of this site do not alter the existing assessment.
H4, Grab Lane, East Lancaster	H4, Land at Grab Lane, East Lancaster	Capacity has increased from 195 to 207 dwellings and new development criteria	Modifications of this site do not alter the existing assessment as the extent of increase is small.
H5, Leisure Park / Auction Mart, Wyresdale Road	H5, Land at Leisure Park / Auction Mart, Wyresdale Road	Capacity has increased from 200 to 242 dwellings and new development criteria	Potential impacts on assessment, see below.
H6, Royal Albert Fields, Ashton Road	H6, Land at Royal Albert Fields, Ashton Road	Capacity has increased from 75 to 137 dwellings and new development criteria	Potential impacts on assessment, see below.
DOS1, Land at Bulk Road & Lawson's	DOS1, Land at Bulk Road & Lawson's Quay, Central Lancaster	Modifications to development criteria	Modifications of this site do not alter the existing assessment.

Publication allocation name and ref	Modified allocation name and ref	Modification(s)	Impact on published SA
Quay, Central Lancaster			
DOS2, Land at Moor Lane Mills, Central Lancaster	n/a	Allocation has been deleted.	Assessment of this site no longer needed.
DOS3, Luneside East, Lancaster	H1.2 Luneside East, Lancaster	None	No changes to assessment needed.
DOS4, Lune Industrial Estate, New Quay Road	DOS2, Lune Industrial Estate, New Quay Road	New development criteria.	Modifications of this site do not alter the existing assessment.
Policy DOS5: Land at Willow Lane, Lancaster	Policy DOS3: Land at Willow Lane, Lancaster	Modification to development criteria.	Modifications of this site do not alter the existing assessment.
Policy DOS6: Galgate Mill, Galgate	Policy DOS4: Galgate Mill, Galgate	Modification to development criteria.	Modifications of this site do not alter the existing assessment.
DOS7, Middleton Towers, Carr Lane, Middleton	DOS5, Middleton Towers, Carr Lane, Middleton	Modification to development criteria.	Modifications of this site do not alter the existing assessment.
Policy DOS8: Morecambe Festival Market and Surrounding Area	Policy DOS8: Morecambe Festival Market and Surrounding Area	Modification to development criteria.	Modifications of this site do not alter the existing assessment.
Policy DOS9: Land at Former TDG Depot, Warton Road, Carnforth	Policy DOS7: Land at Former TDG Depot, Warton Road, Carnforth	Modification to development criteria.	Modifications of this site do not alter the existing assessment.
Policy DOS10: Former Thomas Graveson Site, Warton Road, Carnforth	Policy DOS8: Former Thomas Graveson Site, Warton Road, Carnforth	Modification to development criteria.	Modifications of this site do not alter the existing assessment.

Table 3-6 highlighted that the modifications made to Policies SG7, SG11, H5 and H6 require closer consideration to determine if they could potentially alter the assessment findings of these policies in the SA Report. This is primarily due to the anticipated increase in capacity at each site, because an increase in capacity could potentially result in a minor increase in the magnitude or probability of some of the predicted negative impacts on the natural environment. For example, a larger capacity for dwellings would be likely to

lead to a greater number of residents living at these locations than was previously expected. The greater number of residents at each site could subsequently lead to a greater increase in local traffic and congestion, or a greater increase in the consumption of natural resources at these location in Lancaster, than previously predicted. At the same time, the increases in the capacity of these sites could lead to the proposed development at each location providing slightly greater economic and societal benefits than previously predicted, such as due to the sites making a greater contribution towards satisfying Lancaster’s housing need.

Following a close review of the proposed modifications to SG7, SG11, H5 and H6, and the existing assessments of these policies in the SA, it is considered that the existing assessments and the predicted and evaluated effects remain accurate and up to date and no changes to the assessments of these policies is required.

The Publication Plan included the 4.85ha allocation H3.1 Ridge Lea Hospital. This allocation has now been split into two sites, allocated in the modified Plan as the 3.23ha H3.1 Land at Former Ridge Lea Hospital for 75 dwellings and the 1.61ha H3.2 Land at Stone Row Head, East Lancaster for 10 dwellings.

This Main Modification does not require a reassessment of site H3.1 Land at Former Ridge Lea Hospital, but the new site of H3.2 Land at Stone Row Head requires an SA assessment, which is provided in Table 3-8.

Table 3-8: Site assessment table for H3.2 Land at Stone Row Head

SA Objective		Score	Supporting Information	Residual	Timing	Uncertainty
S1	Crime	++	Site is currently brownfield and in an area of high crime (IMD <20% most deprived for 'crime') - re-development may discourage crime or anti-social behaviour.	++	M-LT	L
S2	Housing	+	Site provides 10 new homes.	+	M-LT	M
S3	Health	++	Site is within 1 km of a GP surgery. Site is located within 500 m of a play area or sports facility. Site is within 500 m of a local or key service centre. Site is within 500 m of a place of worship, town or village hall. Site is within 1km of a cultural or leisure facility, such as a theatre, sport / recreation centre, museum, etc.	++	S-T	M
S4	Education	++	Site is located within 1 km of a secondary school. Site is located within 2km of a further educational facility. Site is located within 1 km of a primary school.	++	S-MT	L
S5	Access	++	Site is within 500 m of a bus service / stop or railway station. Site is within 500 m of a local or key service centre. Site would have adequate highways access or is easily provided. Site is within 500 m of an existing area of open space, and there are no known capacity issues. Site has potential to increase levels of walking or cycling due to its close proximity to a service centre, employment area or sustainable transport opportunity. Site is within 1km of a cultural or leisure facility, such as a theatre, sport / recreation centre, museum, etc.	++	S-LT	M
EC 1	Local Economy	O	Site has no discernible effect on employment diversification. Site is unlikely to have a discernible effect on the variety of employment opportunity. Site is unlikely to have a discernible effect on diversification of the rural economy.	O	n/a	M

SA Objective		Score	Supporting Information	Residual	Timing	Uncertainty
EC 2	Economic Drivers	++	Site is a housing site within 500 m of an existing retail or service centre.	++	S-LT	M
EC 3	Workforce	++	Site is located within 1 km of key employment area. Site is located within 5 km of an existing further educational facility.	++	S-LT	M
EC 4	Economic Inclusion	○	Site has no discernible effect on economic inclusion.	○	n/a	H
EN 1	Climate Change	○	The potential for energy efficiency or renewable energy sources is unknown at this stage. Site is within EA Flood Zone 1 - low risk. The extent of green infrastructure proposed is unknown at this stage - brownfield site.	○	n/a	H
EN 2	Water	○	No water bodies within 100 m of the site, and no other known impacts on water quality issues. Site is not within a groundwater Source Protection Zone.	○	n/a	L
EN 3	Biodiversity	-	Site could potentially affect priority or protected species as it contains existing structures (e.g. bats). Site could potentially affect priority or protected species, as it contains woodland (not including ancient woodland).	○	n/a	M
EN 4	Landscape/Townscape	+	Site would result in the redevelopment of a derelict brownfield site with opportunities to improve local character. Site would result in the redevelopment of a derelict urban brownfield site with opportunities to improve local character.	+	S-LT	M
EN 5	Resource Use	-	Site is likely to increase the demand for raw materials. Without mitigating policy, site will increase the demand for water resources	○	n/a	L
EN 6	Energy	○	The potential for energy efficiency or renewable energy sources is unknown at this stage.	○	n/a	H
EN 7	Heritage	+	Site is within 300 m of a Listed Building (all grades). Site is within 300 m of a Conservation Area. Site is within 300 m of a Registered Park / Garden However, there is a clear commitment to improve the historic character of the site, such as replacement of unsympathetic buildings.	+	S-LT	H
EN 8	Air Quality	○	Site has limited potential to contribute to addressing air quality issues and is unlikely to noticeably increase emissions to air.	○	n/a	M
EN 9	Waste	-	Site is likely to increase the amount of waste sent to landfill.	-	S-LT	M

4 Conclusion

The Council has proposed a range of Main Modifications to the Local Plan in order to take into account representations raised at the Publication stage, the continuing development of Local Plan evidence, progress on development sites and representations made at the Local Plan examination. The modifications are also intended to address matters of soundness raised by the Planning Inspector.

Each of the Main Modifications has been carefully reviewed in this SA Addendum to determine the extent to which they could alter the predictions and evaluations of effects of the Plan in the SA Report. The initial screening of these Modifications identified several policies that would require revisiting in the SA to ensure that the assessments of these policies remain valid and accurate.

The Main Modifications include a new Strategic Objective for the Plan related to improving air quality, which was checked and found to be highly compatible with a range of SA Objectives.

Policies SP5 and SP6 have undergone amendments that were the focus of the March 2019 SA Addendum and do not require further consideration here. Policies SG5, SG7 and SG9 have undergone Main Modifications that do not alter the existing assessment findings or results and so no updated assessment of these policies has been provided in this Addendum. Policies SG12 and SG13 have been deleted from the Plan and so the assessments of these policies in the SA Report should be discounted.

The only policies that have undergone Main Modifications for which it was considered necessary to revisit and update the SA assessments for were Policies SG8, SG10 and SG15. The updated assessments for these policies did not identify any significant negative effects.

Table 3-6 in this Addendum summarises the Main Modifications made to smaller housing allocations, which are allocated under a range of policies, including one new residential allocation. This Addendum has identified if and how the existing assessments of these smaller allocations alter as a result of the Main Modifications. An assessment of the new housing allocation 'Land at Stone Row Head' is also provided, for which mostly positive effects and no significant negative effects were identified.
