The only Lancaster City Council car park than can easily accommodate large motor homes is Old Station Car Park

All other car parks are either to small or there are potential problems with access to and from the area.

There have been complaints from other car park users relating to larger motor homes overhanging bays. The main problem seems to be the access steps not being folded away. Could all motor home owners please ensure that all steps are folded away.

Any large vehicles taking up more than one parking bay must purchase additional tickets for other bays used or covered.

There are no provisions made on any of the car parks for trailers and caravans.

There is no ban on parking vehicles overnight on car parks, although there is a ban on sleeping in vehicles overnight.
