

LET'S S.C.R.A.P. FLY-TIPPING!

Items and bags left...

beside street bins and recycling banks, on the floor of communal bin areas,

...or outside closed charity shops
...are all **FLY-TIPPING!**

If it's **YOUR** waste, it's **YOUR** responsibility.
Dispose of **YOUR** items properly to avoid an **UNLIMITED FINE.**

Could YOU be fly-tipping?

FLY-TIPPING IS THE ILLEGAL DUMPING OF ITEMS

If bins or banks are full, or the shop or centre is closed, take YOUR items away with you – DO NOT leave them behind, or YOU could receive a **Fixed Penalty Notice up to £400** or face an **UNLIMITED FINE**.

How YOU can prevent fly-tipping

We ALL have a legal obligation, or **DUTY OF CARE**, to ensure our household or business waste is disposed of correctly. The best way to stop organised fly-tipping is to make sure that only authorised waste carriers take your waste away.

YOU could face prosecution and an **UNLIMITED FINE** if your waste ends up fly-tipped by someone else. Remember, if it's YOUR waste, it's YOUR responsibility!

Avoid a fine. Put items in a bin, not by the side; don't leave items out for the 'scrap man'; and always follow the **S.C.R.A.P. code** if you are having household waste removed.

Let's **S.C.R.A.P.** fly-tipping

SUSPECT

all waste carriers; do not let them take your waste until they have proven themselves to be legitimate. A professional waste carrier should happily answer reasonable questions.

CHECK

their waste carrier's registration details, then verify them by searching the Environment Agency website (link below) or by calling **03708 506 506**. Note down the registration number of the vehicle used to take your waste away.

REFUSE

unexpected offers to have any rubbish taken away. If you do not trust that someone who you have spoken to will be disposing of waste legally, report their vehicle registration and name to the Environment Agency.

ASK

what will happen to your rubbish and seek evidence that it is going to be disposed of appropriately.

PAPERWORK

should be obtained. Make sure you get a proper invoice, waste transfer note or a receipt for your waste removal. This should give a description of the waste and provide the waste carrier's contact details.

How YOU can find LEGAL waste carriers:

Always carry out your own research and choose whose services you wish to use. You can find licensed waste carriers in your neighbourhood by calling the **Environment Agency** on 03708 506 506 or visiting: environment.data.gov.uk/public-register/view/search-waste-carriers-brokers

Why fly-tipping is rubbish

It is dangerous to people, animals and the environment.

It is ugly; it spoils our towns and devalues the local area.

It harms the countryside and costs landowners thousands to clear.

It encourages others to dump more.

It attracts other antisocial behaviour such as graffiti and vandalism.

It is expensive for council tax payers, local councils and landowners.

Around **£250,000** is spend clearing fly-tips in the Lancaster district each year. The estimated cost of clearance for fly-tipping to local authorities in England in 2016/17 was **£57.7 million***.

Fly-tipping is punishable by an **UNLIMITED FINE** or **IMPRISONMENT**.

Is YOUR business disposing of its waste correctly?

EVERY business that produces waste in the UK has a legal 'DUTY OF CARE' to manage it properly from the moment it is produced until it is either recycled or disposed of.

OVER 50% of UK businesses are not complying with the law and **90%** of these are small companies with fewer than 50 employees*.

It is YOUR legal responsibility to always use a registered waste carrier, and/or register to transport YOUR own waste. The correct paperwork must be kept for at least two years.

A lack of understanding will not stop YOU receiving an **UNLIMITED FINE** in court.
